WDNR Project No. 99-0463

Ms. Margaret Ciccone, Clerk
City of Superior
1316 N. 14th Street
Superior, WI 54880

Subject: Update To Sanitary Sewer Extension Approval For Roxie Hoffman Property -- City of Superior, Wisconsin

Dear Ms. Ciccone:

In response to a recent request from Mr. John Maruska of the City of Superior Public Works Department, this letter provides an update to our approval letter dated April 20, 1999 authorizing the installation of the sanitary sewer extension in the alleyway between Baxter Avenue and Lamborn Avenue to serve the Roxie Hoffman property, 5708 Baxter Avenue, in the City of Superior, Wisconsin. (Refer to WDNR Project No. 99-0463.)

Condition #5 of our 4/20/99 approval and follow-up clarification letter dated 4/27/99 required that this sanitary sewer extension be limited initially to serving only the Hoffman property, and that the Department would be able to authorize additional future service connections after successful correction of the Category 1 sewage bypassing situation at the downstream CSO #5 wastewater treatment facility. The Department has reviewed the past and recent efforts by the City to address the sewage bypassing at CSO #5 and determined that the bypassing frequency has been satisfactorily reduced at this time to warrant removal of the conditional prohibition on new service connections. Therefore, by notice of the update letter, the City may proceed with new service connections to this sanitary sewer extension at this time.

If you have any questions regarding this update letter, please feel free to contact Chuck Olson (WDNR Ashland Service Center, 715/685-2925) or Steve Smith (WDNR Madison office, 608/266-7580).

Sincerely,

Richard N. Reichardt, P.E.
Acting Chief, Wastewater Section
Bureau of Watershed Management
