

NATIONAL WARRIOR WORKFORCE

We provide industry approved and in-demand training and job placement for our nation's veterans and transitioning service members for a career in 5G wireless, fiber broadband, and clean energy infrastructure.

About Us.

National Warrior Workforce, NW2, is a veteran owned and operated company focused on the \$1.2T infrastructure buildout that has created the largest workforce need in our nation's history.

We've created a veteran workforce platform that trains and employs 250+ transitioning military in each state that launches a National Warrior Workforce Program

Our Services.

5G Wireless

We remain forward-thinking in the 5G wireless infrastructure of our Nation by providing a full range of wireless communication construction services, from small cells to new towers.

Fiber Broadband

We are closing the digital divide by deploying well-constructed fiber optics into our nation's network. Doing so is crucial to our country and critical to providing high-speed connections.

Clean Energy

We establish clean energy installation services; including reliable, site-specific construction.
