## 2013 PLAT BOOK NAVIGATION INSTRUCTIONS

THIS MAP BOOK MAY BE NAVIGATED IN A NUMBER OF WAYS. IT MAY BE NAVIGATED BY SIMPLY CLICKING THE "PAGE UP" OR "PAGE DOWN" BUTTONS IN YOUR PDF VIEWER SUCH AS ADOBE READER UNTIL YOU SEE THE DESIRED PAGE. MORE DIRECTLY IT MAY BE NAVIGATED BY CLICKING ON THE APPROPRIATE BOOKMARK FOR THE DESIRED PAGE. THE QUICKEST WAY IS TO CLICK ON THE AREA YOU WISH TO VIEW ON THE HYPERLINKED MAP INDEX PAGE AND JUMP DIRECTLY TO THAT PAGE. AT ANY TIME WHILE VIEWING ANY MAP PAGE YOU MAY RETURN TO THE COVER/INDEX PAGE BY CLICKING ON THE SMALL OVERVIEW MAP IN THE LOWER LEFT CORNER.

PLAT BOOK OVERVIEW IMAGE

YOU MAY ALSO RETURN TO THE HYPERLINKED MAP INDEX PAGE WHILE VIEWING ANY OF THE OTHER PAGES WHEN YOU SEE THIS BUTTON:

WHILE VIEWING A MAP PAGE ON PAGES 1 – 38 YOU MAY VIEW THE CORRESPONDING AERIAL PHOTO MAP PAGE BY GOING TO THE NEXT PAGE OR BY CLICKING ON THE "AERIAL VIEW" BUTTON IN THE LOWER LEFT CORNER NEXT TO THE MAP OVERVIEW IMAGE. YOU MAY ALSO "GO BACK" TO THE PARCEL VIEW PAGE OR ALTERNATE BETWEEN THEM BY ALTERNATELY CLICKING THESE TWO BUTTONS ON THEIR CORRESPONDING PAGES OR BY GOING BACK AND FORTH ONE PAGE.

MOST OF THE URLS OR WEBLINKS ARE ACTIVE AND YOU MAY VISIT THEM BY CLICKING ON THE LINK AND FOLLOWING INSTRUCTIONS OR INITIATE AN EMAIL BY CLICKING ON THE EMAIL ADDRESS YOU ARE VIEWING.

# PROCEDURE FOR SALE OF TAX DEEDED LANDS (PURCHASE COUNTY-OWNED LAND)

The following procedure applies to the sale of tax deeded lands and conforms with Section 75.35 of the Wisconsin Statutes:

**1. A request for appraisal of a piece of land is made to the County Clerk's Office.**

**2. An Appraisal Application Form for Douglas County Land (Form #9-1) is completed by County Clerk staff. This form is sent to the supervisor of the district in which the property is located for comments. Copies shall be sent to:**

- City Planner (if located in the City of Superior);
- Municipal Chair/President (if located in a town or village);
- County Zoning Department;
- County Highway Department;
- County Forestry Department (depending on location);
- Superior-Douglas County Development Association.

**3. The Land and Development Committee receives a copy of the appraisal form (#9-1) with their meeting agendas. At the next meeting, the committee will decide whether to approve the property for sale and set an appraisal, or to hold the property from sale.**

**4. After the committee has appraised the property, the County Clerk's office sends a bid form to the individual requesting said property. Bid forms are also sent to adjacent property owners, if:**

- a) The adjacent property touches the appraised property, either by being alongside the property or diagonal to it;
- b) The adjacent property is separated by an alley, whether physically built or not; or
- c) The adjacent property is separated by a platted street, which has not been physically built.

**and are available for others in the County Clerk's Office. Property is advertised by publication of a Class 3 notice; sealed bids are accepted and opened at the following Land and Development Committee meeting.**

**5. The committee reviews the bids, rejects any bids that are less than the appraised value of the property, and may accept the bid most advantageous to the county or reject any or all bids, based on the following criteria:**

- 1) Dollar value;
- 2) Prospective use of property;
- 3) Prior ownership;
- 4) Adjacent property ownership;
- 5) Taxability of property upon transfer;
- 6) Buildability under present zoning codes;
- 7) Access; and
- 8) Any other criteria the Land and Development Committee wishes to consider to evaluate any bid.

**6. Notice of the pending sale is mailed to the clerk of the municipality in which the real estate is located at least three weeks prior to the time of sale.**

**7. A resolution is presented to the Board approving the sale.**

**8. A Quit Claim Deed is made out to the successful bidder.**

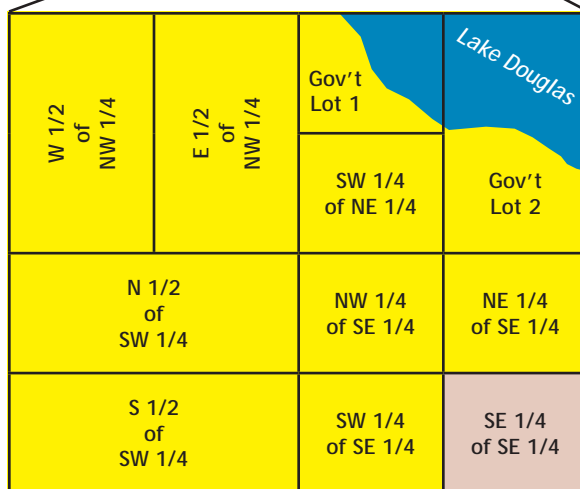

**9. Those properties that have been previously advertised for sale may be sold according to the following procedure:**

- a) Property is advertised for sale by publication of a Class 1 notice;
- b) Adjacent property owner(s) (as defined in 4 above) is(are) notified;
- c) The Land and Development Committee reviews the bids, may reject any or all bids, or may accept a bid that is less than the appraised value but cannot accept a bid that is less than the highest bid, unless the committee outlines in the resolution the reasons for accepting a bid that is less than the highest bid. As a general practice, the committee will not consider a bid that is less than 75% of the appraised value. However, the committee reserves the right to accept any bid if the proposed use and/or development of the property is deemed desirable and advantageous to the county;
- d) Those properties not sold after the Class I bid opening will remain available for purchase by bid, with any bids received referred to the Land and Development Committee, in accordance with the process set out in (c) above.
- e) A resolution is presented to the Board approving the sale; and
- f) A Quit Claim Deed is made out to the successful bidder.

## Section Division of Township

31	32	33	34	35	36

(Figure 1)

(Figure 2)

## Section 34 (Ex of Division of Section)

## SE 1/4 of SE 1/4 of Sec 34 (Ex of Quarter Quarter Division of Section 1/4)

(Figure 3)

The U.S. Public Land System is the Rectangular Survey System used to describe all the lands within Douglas County. Original surveys were conducted by General Land Office (GLO) in Douglas County during the 1850's.

Congressional Townships were laid out with 36 Sections in sequence (as shown in Figure 1). Along the North and West boundaries of the Township, corrections were made for the curvature of the planet. The GLO surveyor set a wood post at 1/2 mile intervals around each section, called "Section Corners" or "Quarter Section Corners" and also at the intersection with meandered bodies of water. The GLO surveyor also would reference these corners to natural features found at the site, such as trees, rock formations and streams and make notations of this in his field notes.

The tools of the GLO surveyor included a Plain Compass, Solar Compass (used to determine the meridian in areas of high magnetic attraction) and a 66-foot long Gunter's chain.

There are several ways that property can be described. One is by the federal method (as shown in Figure 3). Other land may be described by State, County Plat or by Certified Survey Map which creates an official document filed at the Register of Deeds office and assigns a lot number to that property. Larger tracts can be described by a metes and bounds description which describes the property by course and distance. In any case, the property is tied directly to the public land system for its base of control.

### LINEAR MEASURE

100 Links = 1 Chain

1 Chain = 66 Feet

80 Chains = 1 Mile

1 Mile = 5,280 Feet

### SQUARE MEASURE

43,560 Square Feet = 1 Acre

1 Square Mile = 640 Acres

# EMERGENCY NUMBERS

# 9-1-1

Voice / TTY

Dial Only 3 Digits

- Fire
- Police
- Rescue / Ambulance
- Sheriff

Dial 9-1-1 for EMERGENCY Response in the Superior Area And Rural Douglas County.

## Other Emergency Numbers

Coast Guard Marine & Air Emergency-Duluth	(218) 720-5412 or (218) 720-5413
Coast Guard Duty Officer	(218) 522-0707
FBI - If no answer, dial:	Eau Claire (715) 835-3761 Milwaukee (414) 276-4684 or Duluth (218) 722-3341
Forest Fire	911
Poison Center	(800) 222-1222
State Patrol - Spooner	(715) 635-2141
U.S. Secret Service - Madison	(608) 264-5191

Dial these numbers only in a real emergency.

For non-emergency calls, dial the numbers shown in the "NON-Emergency Administrative Numbers" listing in the telephone book for the proper agency.

## HOW TO FIND AN ADDRESS IN DOUGLAS COUNTY

In an effort to enable emergency response to county residents and Postal Delivery, every structure in the County has been assigned an address number. The sign is located at the public or private road leading to the driveway.

The sign includes the township name, numbers, and "S" or "E" depending on the principal road direction.

The County Addressing System is in grid format with 100 potential numbers per 1/4 mile. The numbers starting at the north border of the County increase going to the south. The letter "S" following the numbers indicates the north / south direction of the road with even numbers on the east side and odd numbers on the west side. The numbers starting at the west border increase going to the east. The letter "E" following the numbers indicates the east/ west direction of the road with odd numbers on the north side and even numbers on the south side.

### Examples:

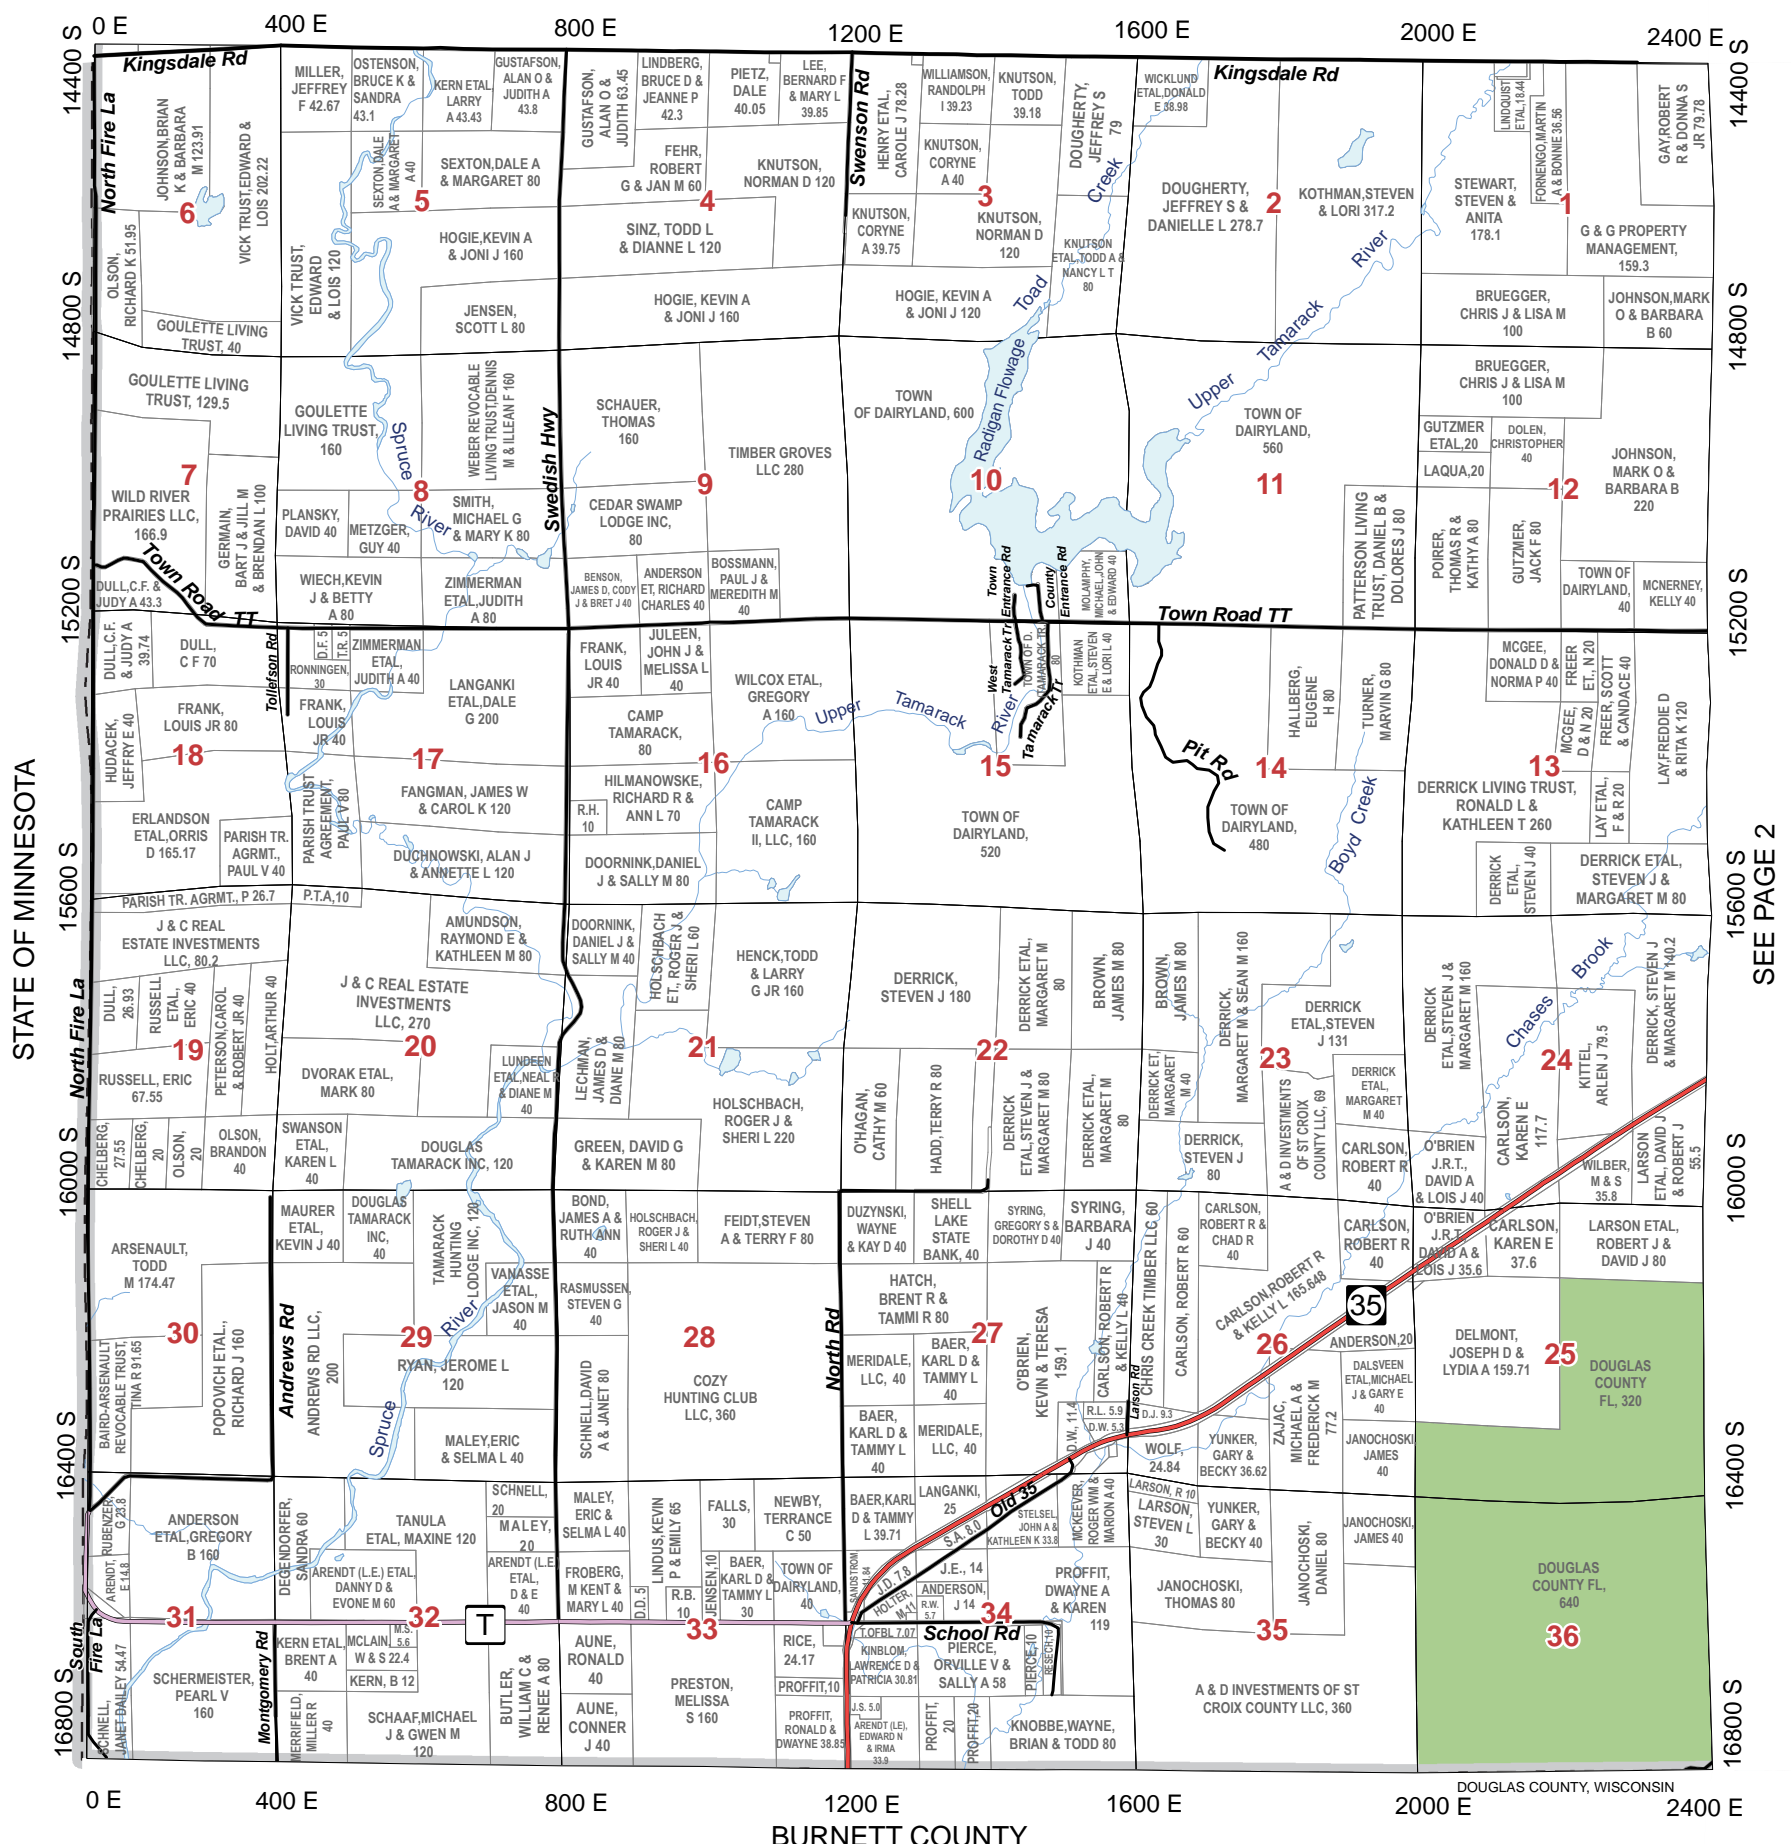

**North / South Direction:** To locate 11781S Pierce Rd. on the sample map below, go to the left margin and find the grid designator 11600S. Continue south on Pierce Rd. approximately 1/2 mile south of the 11600S line on the west side of the road.

**East / West Direction:** To locate 7251E Beck Rd., go to the bottom margin of the map and find grid designator 7200E. Continue east on Beck Rd approximately 1/8th mile on the north side of the road.

Remember, addresses get larger going south and east in Douglas County. Refer to pages 52-59 for the Road Name Index and locations.

**Public Access:** Detailed access information is available at [dnr.wi.gov/org/water](http://dnr.wi.gov/org/water). Many public fishing piers are now wheelchair-accessible. For information on specific access sites, contact your nearest DNR office. In the column titled "Public Access," the following abbreviations describe existing access where information is available.

**BR** – Boat Ramp: These are sites with a defined public boat launching facility which may or may not have parking.

**BF** – Barrier-free Boat Ramp: These sites have a boarding dock or means of wheelchair access to boats.

**P** – Barrier-free Pier: These piers were designed to accommodate wheelchairs.

**T** – Walk-in Trail: These access sites are partially developed, excluding a boat ramp, and are entirely within public lands.

**R** – Roadside: These sites do not include any access developments. Public roads with a marked right-of-way extending to the water provide a limited degree of access.

**W** – Wilderness in Public Ownership: A lake is in a wilderness area if there are no roads or buildings within 200 feet of the waterbody. Wilderness lakes have no defined walk-in trail to the water.

**BW** – Barrier-free Wilderness Access: These sites have a firm surface to gain access to the water, but no special piers or ramps.

**NW** – Navigable Water: Navigable access is provided by the presence of an inlet or outlet stream which furnishes adequate boat access to a lake. A small stream (not large enough to float a boat) does not provide effective navigable access.

For those waters marked with an "x," some type of access, other than navigable water access, is available. Regulations governing boat usage are effective on certain lakes and are posted at the public access sites.

**Map:** If a contour lake map is available, an "X" appears in the column called "Map." Nearly one-fourth of all the named lakes in the state have been mapped.

**Lake Type:** The following abbreviations describe the category of lake type:

- DG** drainage lake
- SP** spring lake
- SE** seepage lake
- DN** drained lake

**Fish Species:** The relative abundance of various game fish species including muskellunge, northern pike, walleye, largemouth bass, smallmouth bass, panfish, trout, catfish and sturgeon is listed. Abundance of a fish species is coded using the following symbols (absence of a symbol means that a fish species is not present):

- A abundant
- C common
- P present

**Exotic Species** (be sure to check current postings)

- E Eurasian water milfoil (*Myriophyllum spicatum*) (an invasive aquatic plant)
- Z Zebra mussel (*Dreissena polymorpha*)

Mercury and PCBs are the contaminants of greatest concern in fish prompting recommendations that people limit or avoid eating certain species of fish from many waters throughout the nation. To reduce your exposure to these contaminants, Wisconsin provides advice to help you choose what fish and how much fish to eat. Current, up-to-date information on lakes with mercury or pcb contaminant issues are available at <http://dnr.wi.gov/topic/fishing/consumption/>.

## KEY

### Class 1

High quality trout waters that have sufficient natural reproduction to sustain populations of wild trout, at or near carry capacity. Consequently, streams in this category require no stocking of hatchery trout. These streams or stream sections are often small and may contain small or slow-growing trout, especially in the headwaters.

There are 5,400 miles of Class 1 trout streams in Wisconsin and they comprise 41% of Wisconsin's total trout stream mileage.

### Class 2

Streams in this classification may have some natural reproduction, but not enough to utilize available food and space. Therefore, stocking is required to maintain a desirable sport fishery. These streams have good survival and carryover of adult trout, often producing some fish larger than average size.

There are 5,911.6 miles of Class 2 trout streams in Wisconsin and they comprise 45% of Wisconsin's total trout stream mileage.

### Class 3

These waters are marginal trout habitat with no natural reproduction occurring. They require annual stocking of trout to provide trout fishing. Generally, there is no carryover of trout from one year to the next.

n = naturally reproducing species

x = stocked species

a = anadromous (migrating from a lake to a stream to spawn) species

### Cover Photos:

Cover photos were all taken in Douglas County by Douglas County residents or employees. Clockwise from upper left: Randy Jones, Gordy Longville of Poplar (deceased 5/4/2011), Randy Jones, Shelly Wisniewski.

### Interactive 2013 Douglas County Platbook PDF CD

This issue of the Douglas County platbook CD contains all of the images that are in the hard copy version of the book and more. In addition to the traditional map, index, and informational pages there are corresponding map pages that include the latest aerial photo from the spring of 2013 minus the parcel line and owner information. Many of the links you see for websites or other contact information are live and allow you to jump directly to a website or email.
